

**INCLEMENT WEATHER PROCEDURES**  
**UIL REGION 25 MARCHING CONTESTS**

**Region 25**

Region 25 schedules a “rain date” for the two Region level marching contests. If inclement weather threatens the Region contest once it has begun, Wylie ISD or Princeton ISD safety procedures will be observed, specifically as pertaining to lightning. If it becomes unreasonable or impossible to continue/conclude the contest that day, the remaining bands will be scheduled on the established rain date.

The Executive Secretary will make the final decision whether to continue to postpone/delay the contest or to reschedule on the rain date.
